

Title Processing Lead
City Britt and Goodell
State IA

Description: At Sparboe Farms, our customers are our priority. They know they can count on their dedicated Sparboe Farms team to meet their precise specifications with incredible service and a reliable supply of the freshest, highest quality eggs. We produce fresh shell eggs on our farms in Minnesota, Iowa and Colorado. We provide safe, quality, nutritious eggs to our customers across the country and we continue to grow and expand into different products, sold domestically and internationally! Are you looking for a job in food production in a growing company? We are always looking for great people.

Sparboe Farms offers competitive pay and comprehensive benefits for you and eligible family members, including medical, dental, life and disability insurance, flexible spending account, 401(k) with match and paid vacation.

Job Description:

The Processing Lead is responsible to assist the Processing Manager with daily supervision of the Complex processing/manufacturing operation. In the Processing Manager's absence this role will be responsible for the Processing operation (egg grading and packaging, machine maintenance and repair, sanitation, warehousing and transportation).

Duties and Responsibilities:

- Supervise the daily/routine activities for the Processing group, this includes warehouse/cooler (shipping and receiving), processing room operations, product/supply inventory, ordering of supplies, and employee scheduling.
- Coordinate daily order processing. Coordinate printing and confirm packaging labels, determine packaging/processing order, and ensure orders are packaged correctly. Communicate with Customer Service and the respective customer as needed to address ongoing or special orders.
- Work hands-on in the processing plant as needed to cover the work load, demonstrate expectations, and train employees.
- Coordinate the Safety program and initiatives for the processing operation and continuously demonstrate safe work habits.
- Maintain overall product quality by leading and supervising employees in the execution of work practices that follow Sparboe and USDA guidelines. Ensure that machinery and employees are working effectively in supporting egg and packaging quality. Work closely with QA and the USDA inspector. Understand and ensure proper execution of all Processing SOPs and GMPs.

Experience/Skills:

- 3+ years of experience working in food processing / food production, or manufacturing environment. Warehouse/cooler experience helpful.
- Ability to work first shift, 10 hour days, 5 days a week
- High school diploma. Associates degree preferred or relevant equivalent experience.
- Ability and experience in to leading, motivating and supervising a team of employees
- Ability and experience in mastering various positions within the processing operation

- Self-motivated, independent work habits
- Ability to read and write English, computer and math skills
- Sound judgment and unwavering ethics
- Focus on accuracy and detail
- Ability to lift 30 lbs., work standing for a minimum of 5 hours a day

How to Apply:

Online: www.sparboe.com/careers or email us at: Sparboe.Careers@sparboe.com

Attach resume, cover letter and compensation requirements.
